understood. I'd like the AM so I can cut and paste the proposed actions as support for our \$6m funding request. It would just save me some typing. Otherwise, I need to work the AM issues with the other regions: separate or unified AM (HQ just mandated a single SSID)? Legal concerns regarding claims to be part of AM? Regions manage own cost ceiling/scope, etc. Having the electronic version, regardless of its readiness, would be useful. Thank you, lw

Laura – I quit using the sharepoint site. We are working the action memo issues in Denver with Richard Sisk. We are proposing to HQ that we should not rush the action memo.

Steve, I've asked for access to this document (Tuesday) but am still not able to access. Can I get something electronically as I need to provide details to HQ regarding our funding request. Thank you!
